SINGLE VISION HD™

Single Vision patients can now enjoy the same personalized High Definition benefits your Progressive patients now enjoy with Single Vision HD™ lenses from US Optical.

BENEFITS

- Lightest, thinnest best optical quality lens.
- Software design compensates for aberrations induced by oblique astigmatism (especially in the higher prescriptions).
- Field of Vision is wider up to 25-35%.
- Personalized for each prescription, face and frame (measurements for pantoscopic tilt, vertex distance and panoramic angle can be added).
- Available in at least 8 different materials.
- Zeiss AR coatings can be added to the lenses.
